We also discussed information sharing opportunities as a means to ensuring older adults receive consistent information and have a mechanism to report any unmet needs.
- OAFN is coordinating with the Office of Private Sector/ NGO Coordination to explore using DoorDash as a resource to deliver meals to older adults and individuals with disabilities who are unable to leave their homes.

### Emergency Support Function – 5 (Emergency Management)

#### California Governor's Office of Emergency Services (Cal OES)

The Cal OES State Operations Center (SOC) activated at a Level 1 on March 6, 2020 at 0700 hours in support of the California Department of Public Health Medical Health Coordination Center (CDPH MHCC).

#### Schools Task Force

- The next Schools Task Force meeting is March 17, 2020 and the Task Force will continue to meet virtually on Tuesdays and Thursdays at 1330 hours. Common issues raised include:
  - There are licensing issues and unplanned expenses/fees when expanding online learning that colleges/universities are working through.
  - There are questions regarding relaxing or waiving 508 accessibility standards for web sites. Meeting these standards may slow the progress with transition to online courses.
  - Difficulty in procuring sanitizers and wipes.
  - Hospitals are excluding nursing students from clinical rotations, which can interfere with students' ability to meet Board of Registered Nursing requirements for on-site clinical experience. Colleges will contact Board of Registered Nursing for possible flexibility to allow more simulated hours. California colleges supply approximately three quarters of the nurses in the state.
  - Currently colleges are not closing residential halls since campuses are still open for labs and support services.
  - Colleges are taking a huge financial hit with cancelling travel and academic programs along with arena or event center cancellations.

#### California Department of Education (CDE)

- Beginning Monday, March 16, 2020, more than 5.2 (+1.6) million students served by more than 520 (+70) school districts will be impacted by school closure across the state.
